Meet the Aromax

Sleek. Minimalist. Adaptable. Aromax diffusers prove that nature and technology can work together for a refreshing result. The minimalist cone-shape design of the Aromax and the sensual texture of smooth anodised aluminium creates the essential multipurpose home diffuser to compliment any interior. With whisper silent operation and an adjustable scent output, you can keep your space smelling great with little effort. Revitalise the air in which you live.

Get your color on

The Aromax Available in 17 brilliant color combinations, now all you have to do is pick one. Matching the Aromax to your interior has never been easier.
